

A Day in the Garden - Making Birdhouses

Join master craftsman Richard Gormley, host of Oak Haven Gardens, as he guides us through the intricate and rewarding steps of creating our own functional birdhouses. Choose from three designs - the standard bluebird house, the Peterson bluebird house or the standard wren house or decide on a bird feeder.

If you have always wanted to learn rudimentary carpentry skills, this is your chance. Please call and place your order by March 5th so Richard can pre-cut the houses to meet your wishes or you may cut the pieces while you are here.

Throughout the day bask in the peace and serenity of Oak Haven Gardens; enjoy a delicious, organic lunch and snacks; make new friends and partake of a day full of laughter and joy.

Oak Haven Gardens is a place of tranquility and renewal. I attended the wreath making workshop, and it was more than the activity - it was an awesome experience. To be surrounded by beauty, kindness and connection for a day was a restorative process.
